Caesarstone Porcelain Advantages

Caesarstone

Extreme heat resistance

Our Porcelain Surfaces.

Extremely hard, heat and UV resistant; Caesarstone Porcelain is the superior surface for kitchens, bathrooms and laundries; as well as outdoor kitchens and living areas. Sustainably sourced natural minerals are fused together under immense heat and pressure, to deliver a high performing porcelain material in an inspired modern range of natural stone, marble veined and industrial inspired designs.

Outdoor kitchen in 511 Smokestone™

Your Kitchen. *A reflection* of you.

Kitchens are the heart of the home. A place of gathering and nourishment. Whether you are a passionate home cook or simply looking for a beautiful, high performing, easy to care for surface; the superior functionality of Caesarstone Porcelain is the perfect solution for kitchen countertops, islands, backsplashes and dropdown panels.

Elegantly slender slab thickness countertops, bring timeless designs, modernity and sustainability to your kitchen. The large slab size of Caesarstone Porcelain empowers you to create large island countertops with no joins.

581 Lucillia™ 12mm thickness island countertop

550 Silvax™ 12mm countertops, island and backsplash

Caesarstone Porcelain is the superior backsplash solution, enabling continuity of design from countertop to vertical surface. It is extremely heat resistance and the large slab size also enable most installation without any joins.

Countertop and backsplash in 507 Marbannova™

Outdoor *Living*

Our UV-resistant Porcelain surfaces deliver sustainable beauty and superior durability for all outdoor entertaining spaces. Designed to withstand harsh weather conditions, extreme heat and any form of staining, Caesarstone Porcelain is a surface of exceptional functionality and beauty for both indoor and outdoor kitchens.

Long-Lasting Finishes

- H

 Honed
Smooth to the touch and gentle on the eye, this finish adds a delicate sophistication to the surface. Soft, organic, matte, low-gloss luminosity.
- S

 Silk
This finish covers the surface in a shimmering overlay. The light glides softly over the stone, creating a luxurious appeal that adds a dimension of softness and comfort.
- UR

 Ultra Rough
Inspired by the tactility of rough stone, industrial metals and concrete, this finish reinforces the organic nuances of the stone. With a distinctive granular feel, it guarantees high durability and care.
- ST

 Stone
Tenderly tactile with a pleasant radiance, this finish has the soothing touch of a semi-smooth stone. Its appearance is that of a weathered rock, which comforts in a genuinely authentic way.

In-sync Technology

In-Sync Technology creates seamless design continuity across body, surface, and edge, by blending pure raw minerals of varying grain sizes into each porcelain slab.

Silvax™ bullnose edge with In-Sync technology

Key

- All designs available in 12mm thickness
- Also available in 20mm thickness
 - Features In-Sync technology
- These printed colours & designs should be used as an indication, not exact match of actual product colour. We recommend making final selection by product samples in retail locations or viewing large panels in Caesarstone showrooms.

Edge Profiles

Caesarstone’s preferred 3mm R3 rounded edge profile and radius corners.

R3 Rounded
Recommended
12mm Slab Thickness
20mm Slab Thickness

Bullnose
12mm Slab Thickness
20mm Slab Thickness

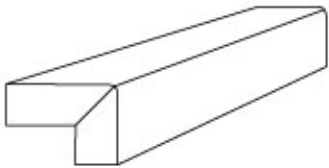

Sharknose
20mm Slab Thickness

Chamfered
Non-preferred
12mm Slab Thickness
20mm Slab Thickness

For all exposed edges of your Caesarstone Porcelain countertop or surface applications including undermount sinks, we recommend using an edge profile with a radius that provides a durable finish over its lifetime.

Mitre Joint

Lapped Joint

A mitred edge provides a thicker profile and a seamless waterfall end panel option.

For slab thickness countertops & panels, a butt join with shadowline can be used.

25 Years Warranty

Each of our surfaces is carefully inspected to ensure that it meets the highest level of international quality standards, and is backed by professional customer service and support. For added peace of mind, Caesarstone products come with a 25 Years Warranty. Visit www.caesarstone.sg/warranty for more information.

Certificates

Large Slab Sizes

Caesarstone Porcelain surfaces are available in large format slabs with two thickness options on selected designs.

	Slab Size	Weight	Weight/m2
12mm	3200mm x 1600mm*	150-160 kg	29-31 kg
20mm	3200mm x 1600mm*	245-255 kg	47-50 kg
	*(-20mm each side de-tension cuts)		

Caesarstone's sustainable surfaces are part of everyday life in millions of homes worldwide. Our countertops are crafted to be the bedrock for family life, inspiring a dynamic space in the heart of the home. We care about enabling people to live harmoniously within their natural ecosystem.

Everything we do is aligned with this purpose, driven by our Home Ecosystem Surface™ approach that is human-centric and sustainability-aware.

This is how we ensure that when you buy a Caesarstone countertop, you buy an ecosystem.
